

## Children's Hands-On Museum of Northwest Illinois

I am immensely grateful for the Freeport Township Board and Supervisors' dedication to our community's growth and well-being through their financial support of not-for-profit organizations such as the Children's Hands-On Museum of Northwest Illinois, located in the Lincoln Mall.

The Township's support has allowed us to invest in new exhibits, refurbish existing displays, and increase access to the museum for all. CHOM is proud to partner with the Freeport Township in its mission to *educate, empower, and inform* the community!
